

For use with Sigma 170 and Omega 230

Space saving integrated printer

Fits easily under the Cashmaster device

Easy to print to create auditable checks

Cashmaster *printer zero*

The Cashmaster Printer Zero* for the Sigma 170 and Omega 230

The Cashmaster Printer Zero is the perfect addition to your cash counting solution. It will allow you to print instant till count results from the Sigma 170 and Omega 230.

The Omega 230 allows a reconciliation between the cashier and an allocated till. This is proven to reduce cash loss and vastly improves count traceability.

Simply attach the Cashmaster Printer Zero to the base of our Sigma 170 and Omega 230 which means no cables or additional work top space is required.

With this benefit, your Cashmaster products remain fully portable and able to print counts and provide accurate paper records.
